...The... Season's Greetings

For nearly a half century we have been serving the citizens of Fort Worth and surrounding territory in the building material line. Each year, at this season, as we look back, we are mindful of the fact that our friends have been responsible for whatever we have accomplished. We feel grateful to know that, as each season has passed, we have been able to see a substantial increase in number to our large list of friends.

We have endeavored to deal honestly and courteously with you and you have responded generously with your patronage, to our mutual benefit. For your friendship and patronage we express our sincere appreciation and wish for you a year of Happiness and Prosperity during 1921.
